

**T-ESP-Add-On
Vote, Cut and
Winter Transfer Window**

01 Vote

Once your deliveries done, you will receive a list of 10 projects to evaluate.

Your grade will add each-other and provide a ranking to the most desirable project to the least...

02 Cut

Only around 33% of your projects will survive this stage.

Epitech will disband the non-surviving groups.

03

Winter Transfert Window

The surviving group will have to recruit at least 4 more partners.

Partners **MUST** find an ESP group or they will be randomly distributed among the non-fully staffed groups.
